ADDITIONAL NOTICE

- (b)(6) 13. For members on active duty not in civilian confinement: You are advised that separation proceedings in your case will be suspended for a period of 2 days from the date this notice is delivered to you personally in order to give you a reasonable opportunity to exercise rights set forth herein. Failure to respond will constitute a waiver of all rights and processing may continue in your absence.
- (b)(6) 14. For members who are reservists not on active duty: You are advised that separation proceedings in your case will be suspended for a period of 30 days from the date that this notice is delivered to you personally or received at your designated mailing address to give you a reasonable opportunity to exercise rights set forth herein. Failure to respond will constitute a waiver of all rights and processing may continue in your absence. If your separation involves transfer to IRR, you are advised that characterization of service upon transfer to the IRR, also, will constitute tentative characterization of service upon discharge at completion of naval service obligation, unless you take affirmative action to affiliate with a drilling unit of Selected Reserve; and you participate satisfactorily as a drilling member of the Selected Reserve for a period of time which, when added to any prior satisfactory service during this period of obligated service, equals period of obligated service. If you submit evidence of completion of above, separation authority may assign a more favorable characterization of service. If you do not submit such evidence, characterization of service is same as characterization of service upon transfer from active duty or Selected Reserve to IRR. If you are in records review (non-drilling) status, you are entitled to permissive (no-cost) orders to attend any administrative board hearing to which you may be entitled.
- (b)(6) 15. For members subject to reimbursement: You are advised that you may be subject to a reimbursement requirement for recoupment of advance education assistance costs, bonuses, or special pays.

For members in civil confinement: You are advised that separation proceedings in your case will be suspended for a period of 30 days from the date this notice is delivered to you personally or received at your confinement address in order to give you a reasonable opportunity to exercise rights set forth herein. Failure to respond will constitute a waiver of all rights and processing may continue in your absence. If you are eligible and have elected an administrative board, and you are unable to make arrangements which would allow you to appear in person before the board, proceedings will continue in your absence. In this event, however, you may be represented before the board by your counsel. ADDITIONAL NOTICE

13. **For members on active duty not in civilian confinement:** You are advised that separation proceedings in your case will be suspended for a period of 2 days from the date this notice is delivered to you personally in order to give you a reasonable opportunity to exercise rights set forth herein. Failure to respond will constitute a waiver of all rights and processing may continue in your absence.
14. **For members who are reservists not on active duty:** You are advised that separation proceedings in your case will be suspended for a period of 30 days from the date that this notice is delivered to you personally or received at your designated mailing address to give you a reasonable opportunity to exercise rights set forth herein. Failure to respond will constitute a waiver of all rights and processing may continue in your absence. If your separation involves transfer to IRR, you are advised that characterization of service upon transfer to the IRR, also, will constitute tentative characterization of service upon discharge at completion of naval service obligation, unless you take affirmative action to affiliate with a drilling unit of Selected Reserve; and you participate satisfactorily as a drilling member of the Selected Reserve for a period of time which, when added to any prior satisfactory service during this period of obligated service, equals period of obligated service. If you submit evidence of completion of above, separation authority may assign a more favorable characterization of service. If you do not submit such evidence, characterization of service is same as characterization of service upon transfer from active duty or Selected Reserve to IRR. If you are in records review (non-drilling) status, you are entitled to permissive (no-cost) orders to attend any administrative board hearing to which you may be entitled.
15. **For members subject to reimbursement:** You are advised that you may be subject to a reimbursement requirement for recoupment of advance education assistance costs, bonuses, or special pays.

If you are eligible and have elected an administrative board, and you are unable to make arrangements which would allow you to appear in person before the board, proceedings will continue in your absence. ADDITIONAL NOTICE

13. For members on active duty not in civilian confinement: You are advised that separation proceedings in your case will be suspended for a period of 2 days from the date this notice is delivered to you personally in order to give you a reasonable opportunity to exercise rights set forth herein. Failure to respond will constitute a waiver of all rights and processing may continue in your absence.
14. For members who are reservists not on active duty: You are advised that separation proceedings in your case will be suspended for a period of 30 days from the date that this notice is delivered to you personally or received at your designated mailing address to give you a reasonable opportunity to exercise rights set forth herein. Failure to respond will constitute a waiver of all rights and processing may continue in your absence. If your separation involves transfer to IRR, you are advised that characterization of service upon transfer to the IRR, also, will constitute tentative characterization of service upon discharge at completion of naval service obligation, unless you take affirmative action to affiliate with a drilling unit of Selected Reserve; and you participate satisfactorily as a drilling member of the Selected Reserve for a period of time which, when added to any prior satisfactory service during this period of obligated service, equals period of obligated service. If you submit evidence of completion of above, separation authority may assign a more favorable characterization of service. If you do not submit such evidence, characterization of service is same as characterization of service upon transfer from active duty or Selected Reserve to IRR. If you are in records review (non-drilling) status, you are entitled to permissive (no-cost) orders to attend any administrative board hearing to which you may be entitled.
15. For members subject to reimbursement: You are advised that you may be subject to a reimbursement requirement for recoupment of advance education assistance costs, bonuses, or special pays.
16. For members in civil confinement: You are advised that separation proceedings in your case will be suspended for a period of 30 days from the date this notice is delivered to you personally or received at your confinement address in order to give you a reasonable opportunity to exercise rights set forth herein. Failure to respond will constitute a waiver of all rights and processing may continue in your absence. If you are eligible and have elected an administrative board, and you are unable to make arrangements which would allow you to appear in person before the board, proceedings will continue in your absence. In this event, however, you may be represented before the board by your counsel. If your separation involves transfer to IRR, you are advised that characterization of service upon transfer to the IRR, also, will constitute tentative characterization of service upon discharge at completion of naval service obligation, unless you take affirmative action to affiliate with a drilling unit of Selected Reserve; and you participate satisfactorily as a drilling member of the Selected Reserve for a period of time which, when added to any prior satisfactory service during this period of obligated service, equals period of obligated service. If you submit evidence of completion of above, separation authority may assign a more favorable characterization of service. If you do not submit such evidence, characterization of service is same as characterization of service upon transfer from active duty or Selected Reserve to IRR. If you are in records review (non-drilling) status, you are entitled to permissive (no-cost) orders to attend any administrative board hearing to which you may be entitled.
15. **For members subject to reimbursement:** You are advised that you may be subject to a reimbursement requirement for recoupment of advance education assistance costs, bonuses, or special pays.

If you are eligible and have elected an administrative board, and you are unable to make arrangements which would allow you to appear in person before the board, proceedings will continue in your absence. If you submit evidence of completion of above, separation authority may assign a more favorable characterization of service. If you do not submit such evidence, characterization of service is same as characterization of service upon transfer from active duty or Selected Reserve to IRR. If you are in records review (non-drilling) status, you are entitled to permissive (no-cost) orders to attend any administrative board hearing to which you may be entitled.

13. **For members on active duty not in civilian confinement:** You are advised that separation proceedings in your case will be suspended for a period of 2 days from the date this notice is delivered to you personally in order to give you a reasonable opportunity to exercise rights set forth herein. Failure to respond will constitute a waiver of all rights and processing may continue in your absence.
14. **For members who are reservists not on active duty:** You are advised that separation proceedings in your case will be suspended for a period of 30 days from the date that this notice is delivered to you personally or received at your designated mailing address to give you a reasonable opportunity to exercise rights set forth herein. Failure to respond will constitute a waiver of all rights and processing may continue in your absence. If you submit evidence of completion of above, separation authority may assign a more favorable characterization of service. If you do not submit such evidence, characterization of service is same as characterization of service upon transfer from active duty or Selected Reserve to IRR. If you are in records review (non-drilling) status, you are entitled to permissive (no-cost) orders to attend any administrative board hearing to which you may be entitled.
15. **For members subject to reimbursement:** You are advised that you may be subject to a reimbursement requirement for recoupment of advance education assistance costs, bonuses, or special pays.

If you submit evidence of completion of above, separation authority may assign a more favorable characterization of service. If you do not submit such evidence, characterization of service is same as characterization of service upon transfer from active duty or Selected Reserve to IRR. If you are in records review (non-drilling) status, you are entitled to permissive (no-cost) orders to attend any administrative board hearing to which you may be entitled.

ADDITIONAL NOTICE

13. **For members on active duty not in civilian confinement:** You are advised that separation proceedings in your case will be suspended for a period of 2 days from the date this notice is delivered to you personally in order to give you a reasonable opportunity to exercise rights set forth herein. Failure to respond will constitute a waiver of all rights and processing may continue in your absence.
14. **For members who are reservists not on active duty:** You are advised that separation proceedings in your case will be suspended for a period of 30 days from the date that this notice is delivered to you personally or received at your designated mailing address to give you a reasonable opportunity to exercise rights set forth herein. Failure to respond will constitute a waiver of all rights and processing may continue in your absence. If you submit evidence of completion of above, separation authority may assign a more favorable characterization of service. If you do not submit such evidence, characterization of service is same as characterization of service upon transfer from active duty or Selected Reserve to IRR. If you are in records review (non-drilling) status, you are entitled to permissive (no-cost) orders to attend any administrative board hearing to which you may be entitled.
15. **For members subject to reimbursement:** You are advised that you may be subject to a reimbursement requirement for recoupment of advance education assistance costs, bonuses, or special pays.
